In the event a mutual agreement cannot be reached for a particular service, the inclement weather determination shall be made by the AHA. due to inclement weather shall be rescheduled by the Contractor to a date within three calendar days of the cancellation, or a mutually agreed upon time frame with the AHA.

The AHA may, at its option, elect not to reschedule any part of a service. The AHA shall have sole authority to cancel all or part of a service without recourse.

Blown clippings are not to be directed toward or onto any a/c condensing unit, parking areas, or storm drains.

19 Shrub and Ground Cover Areas

Landscape bed areas shall be kept in weed, leaf, and debris free condition. All landscape beds shall be weeded by hand, mechanical, and/or chemical means. Pre-emergent may be used up to twice (2) a year with AHA approval and shall be billed as needed. The AHA encourages the use of industry recognized IPM practices.

All ornamental plant material except trees shall be judiciously pruned in accordance with standards of good practice and in accordance with the intended function of the plant in its present location. Major pruning shall be done at least every six months during the growing season. Shrubs shall be pruned to maintain desired shape and function as needed to provide a neat, trim appearance. All growth should be kept off buildings and other structures. A good rule of thumb is a minimum of six (6) inches away from structures. There should be absolutely no growth of any kind attached to a building.

Ground cover shall be trimmed at the edge of hard surfaces, (sidewalks and curbs), trails, and bed areas. The equipment used shall ensure proper pruning techniques and that plant material will not be damaged. At a minimum, annually (unless otherwise indicated in the specifications), the Contractor shall replenish mulch and/or pine straw to maintain a depth of no less than two inches in all planting areas and tree wells. The use of power blowers is acceptable; however, debris accumulations must not be blown onto adjacent street surfaces, storm drains, a/c condensing units or neighboring properties. Undesirable vegetation in sidewalks, curbs, and other hard surfaces shall receive an approved herbicide application and be removed. Any actions causing debris to be blown on nearby automobiles shall be addressed by the contractor.

Specifications for Landscape Maintenance

All encroaching, neighboring vegetation, including brush, trees, and shrubs, shall be kept trimmed from any roads, trails, walkways and maintained areas. Vegetation shall normally be trimmed at property boundaries but also shall be trimmed to prevent the limitation of sightlines along trails and/or streets. A buffer area of four feet, along all trails maintained, will be kept to a height no greater than four inches where possible.

21 Walk the Site

The Contractor, in addition to the preliminary responsibility to thoroughly walk through and inspect the entire site with an authorized Housing Authority Representative prior to bidding, is also highly encouraged to walk the site monthly along with the authorized Representative of the Housing Authority. It is the responsibility of the Contractor to walk the site and know the site conditions to properly maintain the property according to the Contract Specifications.

22 Payment

Payments shall only be made upon completion of all work according to the Contract Specifications, the Schedule of Frequencies and positive approval from both the authorized Housing Authority Representative and the Contract Manager. As indicated in Section 5 of this document, **Payment may be withheld for incomplete or substandard work.** The Augusta Housing Authority reserves the right at its discretion to withhold payment or in certain situations issue prorated remuneration if deemed appropriate.

Under normal and completely approved circumstances, the AHA shall remit to the Contractor the Cost per month agreed upon in the annual contract for Summer Cycle (8 months April 1st to November 30th) and the Winter Cycle (4 months December 1st to March 31st) for each contract year (up to 5 years total). Typically, payments will be made within fifteen (15), but no more than thirty (30) days of service month's end and receipt of the Contractor's "correct" monthly invoice. As the Housing Authority does NOT pre-pay for services, it cannot honor any invoice for contract payment prior to the end of the service month. However, Contractors are encouraged to have their monthly invoices into the Housing Authority no later than the 20th of the month to ensure prompt payment for completed work.

23 Proposal Evaluation

To ensure fairness and objectivity in the selection process, a committee, selected from staff members of the Augusta Housing Authority, has been established to evaluate proposals based on a set of weighted criteria. These criteria have been carefully determined in advance, taking into consideration the specific needs and priorities of the project. Each criterion will be assigned a certain weight, reflecting its importance in relation to the overall goals and objectives. By using a weighted evaluation system, the committee aims to provide a comprehensive assessment that considers both qualitative and quantitative factors. This approach allows for a **Specifications for Landscape Maintenance** more thorough analysis of each proposal, ensuring that decisions are made based on merit rather than personal biases or preferences. Ultimately, this method promotes transparency and accountability throughout the evaluation process, leading to more informed and effective decision-making.

Specifications for Landscape Maintenance

24 Disclaimer

Purpose: This form provides HUD/USDA FmHA with a certified report of all previous participation in relevant HUD/USDA programs by those parties submitting the application. The information requested in this form is used by HUD/USDA to determine if you meet the standards established to ensure that all controlling participants in HUD/USDA projects will honor their legal, financial and contractual obligations and are of acceptable risks from the underwriting standpoint of an insurer, lender or governmental agency. HUD requires that you certify and submit your record of previous participation, in relevant projects, by completing and signing this form, before your participation can be approved.

HUD approval of your certification is a necessary precondition for your participation in the project and in the capacity that you propose. If you do not file this certification, do not furnish the information requested accurately, or do not meet established standards, HUD will not approve your certification.

Note that approval of your certification does not obligate HUD to approve your project application, and it does not satisfy all other HUD program requirements relative to your qualifications.

Who Must Sign and File Form HUD-2530: Form HUD-2530 must be completed and signed by all Controlling Participants of Covered Projects, as such terms are defined in 24 CFR part 200 §200.212, and as further clarified by the Processing Guide (HUD notice H 2016-15) referenced in 24 CFR §200.210(b) and available on the HUD website at: http://portal.hud.gov/hudportal/HUD?src=/program_offices/housing/mfh/prevparticipation.

Where and When Form HUD-2530 Must Be Filed: The original of this form must be submitted to the HUD Office where your project application will be processed at the same time you file your initial project application. This form must be filed with applications for projects listed in 24 CFR §200.214 and for the Triggering Events listed at 24 CFR §200.218.

Review of Adverse Determination: If approval of your participation in a HUD project is denied, withheld, or conditionally granted on the basis of your record of previous participation, you will be notified by the HUD Office. You may request reconsideration in accordance with 24 CFR §200.222 and further clarified by the Processing Guide. Request must be made in writing within 30 days from your receipt of the notice of determination.

The Department of Housing and Urban Development (HUD) is authorized to collect this information by law 42 U.S.C. 3535(d) and by regulation at 24 CFR 200.210. This information is needed so that principals applying to participate in multifamily programs can become HUD-approved controlling participants. The information you provide will enable HUD to evaluate your record with respect to established standards of performance, responsibility and eligibility. Without prior approval, a controlling participant may not participate in a proposed or existing multifamily or healthcare project. HUD uses this information to evaluate whether or not controlling participants pose an unsatisfactory underwriting risk. The information is used to evaluate the potential controlling participants and approve only individuals and organizations that will honor their legal, financial and contractual obligations.

Privacy Act Statement: The Housing and Community Development Act of 1987, 42 U.S.C. 3543 requires persons applying for a Federally-insured or guaranteed loan to furnish his/her Social Security Number (SSN). HUD must have your SSN for identification of your records. HUD may use your SSN for automated processing of your records and to make requests for information about you and your previous records with other public agencies and private sector sources. HUD may disclose certain information to Federal, State and local agencies when relevant to civil, criminal, or regulatory investigations and prosecutions. It will not be otherwise disclosed or released outside of HUD, except as required and permitted by law. You must provide all of the information requested in this application, including your SSN. Failure to provide any of the information will result in your disapproval of participation in this HUD program. APPS SORN could be accessed in Federal Register / Vol. 81, No. 146 / Friday, July 29, 2016 / Notices ([Docket No. FR-5921-N-10] Implementation of the Privacy Act of 1974, as Amended; Amended System of Records Notice, Active Partners Performance System).

PRA Statement: The public reporting burden is estimated at 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to the Reports Management Officer, Paperwork Reduction Project, to the Office of Information Technology, US. Department of Housing and Urban Development, Washington, DC 20410-3600. When providing comments, please refer to OMB Approval No. 2502-0118. HUD may not conduct and sponsor, and a person is not required to respond to, a collection of information unless the collection displays a valid control number.

The collection is authorized by 12 U.S.C 1702-1715z; 42 U.S.C. 3535(d). HUD form 2530 is created to collect information as mandated by 24 CFR Part 200. The HUD-2530 form is used to protect HUD's Multifamily Housing and Healthcare programs by comprehensively assessing industry participants' risk. It is the Department's policy that participants in its housing programs honor their legal, financial, and contractual obligations. Accordingly, uniform standards are established for approvals, disapprovals, or withholding actions on principals in projects, based upon their past performances as well as other relevant information. Respondents such as owners, management agents, master tenants, general contractors, and nursing home operators are subject to review. The information on this form needs to be collected by the Department to evaluate participants' previous performance and compliance with contracts, regulations, and directives.

The following contract clauses are required in contracts pursuant to 24 CFR 85.36(i) and Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. HUD is permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy. The PHA and contractor is also subject to other Federal laws including the U.S. Housing Act of 1937, as amended, Federal regulations, and state law and regulations.

Examination and Retention of Contractor's Records. The PHA, HUD, or Comptroller General of the United States, or any of their duly authorized representatives shall, until three years after final payment under this contract, have access to and the right to examine any of the Contractor's directly pertinent books, documents, papers, or other records involving transactions related to this contract for the purpose of making audit, examination, excerpts, and transcriptions.

Right in Data and Patent Rights (Ownership and Proprietary Interest). The PHA shall have exclusive ownership of, all proprietary interest in, and the right to full and exclusive possession of all information, materials, and documents discovered or produced by Contractor pursuant to the terms of this Contract, including, but not limited to, reports, memoranda or letters concerning the research and reporting tasks of the Contract.

Energy Efficiency. The Contractor shall comply with all mandatory standards and policies relating to energy efficiency which are contained in the energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub.L. 94-163) for the State in which the work under this contract is performed.

Procurement of Recovered Materials

(a) In accordance with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, the Contractor shall procure items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition. The Contractor shall procure items designated in the EPA guidelines that contain the highest percentage of recovered materials practicable unless the Contractor determines that such items: (1) are not reasonably available in a reasonable period of time; (2) fail to meet reasonable performance standards, which shall be determined on the basis of the guidelines of the National Institute of Standards and Technology, if applicable to the item; or (3) are only available at an unreasonable price.

(b) Paragraph (a) of this clause shall apply to items purchased under this contract where: (1) the Contractor purchases in excess of \$10,000 of the item under this contract; or (2) during the preceding Federal fiscal year, the Contractor: (i) purchased any amount of the item for use under a contract that was funded with Federal appropriations and was with a Federal agency or a State agency or agency of a political subdivision of a State; and (ii) purchased a total of in excess of \$10,000 of the item both under and outside that contract.

Termination for Cause and for Convenience (contracts of \$10,000 or more).

(a) The PHA may terminate this contract in whole, or from time to time in part, for the PHA's convenience or the failure of the Contractor to fulfill the contract obligations (cause/default). The PHA shall terminate by delivering to the Contractor a written Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall: (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the PHA all information, reports, papers, and other materials accumulated or generated in performing the contract, whether completed or in process.

(b) If the termination is for the convenience of the PHA, the PHA shall be liable only for payment for services rendered before the effective date of the termination.

(c) If the termination is due to the failure of the Contractor to fulfill its obligations under the contract (cause/default), the PHA may (1) require the Contractor to deliver to it, in the manner and to the extent directed by the PHA, any work described in the Notice of Termination; (2) take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable for any additional cost incurred by the PHA; and (3) withhold any payments to the Contractor, for the purpose of set-off or partial payment, as the case may be, of amounts owned by the PHA by the Contractor. In the event of termination for cause/default, the PHA shall be liable to the Contractor for reasonable costs incurred by the Contractor before the effective date of the termination.
